Ed,

We really appreciate your talking with us last Tuesday and brain storming some ideas regarding how we can move the discussions forward regarding in-kind service as it relates to the MCC Facility at 200 N. Richey St.

Have you been able to reach out to your folks and the TCEQ folks regarding possible dates for your facilitation of a pre-meeting (the morning prior to the meeting with the PRP Group) with us to discuss the regulatory and permitting issues that surround the in-kind service approach? We believe it is critical to get EPA and the TCEQ on board with those issues before we can have meaningful discussions regarding an AOC and in-kind service involving the New Vince Bayou POTW.

Also, have you been able to reach out to the PRP Group regarding possible meeting dates?

Thanks,

Mike

Hi Paul,

Unfortunately, I'm not available then. However, as of now I'm currently available next Tuesday at 10:30 am Central if that time works for you.

As an aside, a response to your Position Paper should be forthcoming this week or next.

Best regards,

Ed

Hi Ed – we'd like to have a follow up call on issues we have discussed and correspondence on the past several months.

Would 4pm central on Monday work ?

Thanks
